FS team/modeling subgroup

The LWG has proposed a couple of dates for the MNR presentation.
Please let me know who will be attending and if either of the proposed dates work for a 1/2 day technical presentation.

thanks

Chip,

The LWG is available to give an MNR modeling presentation to a small technical subgroup on the afternoon of either Wednesday, February 16th or Wednesday, February 23rd. The meeting would be scheduled for half day.

Please let me know if either of these dates work for the EPA team.

Thank you,

Chip,

Jim informed me yesterday that you would like to schedule the MNR modeling presentation the week of February 14th or 21st. Are you working to identify timeframes that work well for the EPA team? We are looking to schedule a half day meeting.

Tuesday and Wednesday afternoon the week of the 14th work better for the Anchor QEA modeling team. I am still working to identify dates that work for this team the week of the 21st.

Thank you,
